You may not use the Products to create products or perform services which compete or interfere with those of ProQuest or its licensors.
5. **Permitted Uses.** The Products may be used for your internal research or educational purposes, as follows:
 - a. **Research and Analysis.** You and your Authorised Users are permitted to display and use information contained in the Products for educational, scientific, or research purposes, including illustration, explanation, example, comment, criticism, teaching, research or analysis, provided that in doing so you or your Authorised Users do not violate an express provision of this Agreement.
 - b. **Digital and Print copies.** You and your Authorised Users may download or create printouts of a reasonable portion of the articles or other works contained in the Products so long as each work is retrieved directly from the on-line database system in a manner that causes a "hit" to be registered on the on-line system for each and every print or digital copy. All reproduction and distribution of such printouts, and all downloading and electronic storage of materials retrieved through the Products shall be for your own internal or personal use as allowed under the doctrines of "fair use" and "fair dealing". Downloading of all or parts of a Product in a systematic or regular manner or so as to create a collection of materials comprising all or a material subset of a Product is strictly prohibited whether such collection is in electronic or print form.
 - c. **Electronic Reserves.** Articles or other works contained in a Product may be included in your electronic reserves systems so long as such use employs durable links to the Products so that a "hit" is registered on ProQuest's on-line platform each time a student views the work on reserve.
 - f. **Scholarly Sharing.** You and your Authorised Users may provide to a third party colleague minimal, insubstantial amounts of materials retrieved from the Products for personal use or scholarly, educational or scientific research use in hard copy or electronically, provided that in no case any such sharing is done in a manner or magnitude as to act as a replacement for the recipient's or recipient institution's own subscription to either the Products or the purchase of the underlying Work.
